House of Hospitality

Banners on Hospitalian

We offer two types of advertising vehicle on Hospitalian - a Leaderboard and a Banner. Due to our site being responsive we require 3 different sizes to be supplied for Leaderboards and 5 different sizes for Banners. The sizes given below are actually double the pixel size that will be displayed and we've stipulated these enlarged pixel sizes to allow for display on Retina screens.

Please note that we allow the use of javascript for tracking purposes only. We do not support any third party javascript for the purpose of presentation - as such, animated banners should be provided in .gif format.

Please submit 1 of each Banners required with with text and description of the PX on each file.

Leaderboards

Appears on every page above the site header. Must be in .jpg, .png or .gif format (animated .gif files are also accepted). Sizes are as follows:

DESKTOP
960px by 170px | 250kb file size

TABLET
500px by 75px | 150kb file size

MOBILE
350px by 60px | 100kb file size

Banners

Appear on the Homepage (articles, recipes, services and shop), the Hospitalian homepage and Diary landing page. Must be in .jpg, .png or .gif format (animated .gif files are also accepted).
